ABOUT WIGGLES N' TUNES

Welcome to Wiggles N' Tunes, A Place Where Music Is Language And Fun Is The Way Of Life! Wiggles N' Tunes has been educating, motivating and entertaining young children since 1993.

Wiggles N' Tunes is the creation of award-winning early childhood music educator and violinist Carolyn J. Zorn, an award-winning music educator who has received national recognition for inspiring "little musicians" for over 25 years. A dedicated music educator with a unique and contagious sense of fun, it's hard to have a conversation with Carolyn without learning how deeply committed she is to inspiring love for music and musical sensibility in every child.

"We all know that children love to make sounds, from the infant's first cooing to a toddler tapping on a pot with a spoon. Music is a child's first creative expression and the most natural. When I created Wiggles N' Tunes, I wanted to nurture every child's musical development, build confidence and independence. We do this with song, tone, rhythm and movements that are fun and fundamental to learning!"

FOUNDER BIO

Carolyn began her career at Lincoln Center for the Performing Arts and is an accomplished violinist and Suzuki instructor. She continued her post-graduate studies in early childhood curriculums rooted in the combined teachings of Suzuki, Dalcroze, Orff and Kodaly. She is the inspiration for the character of "Miss Wiggles"TM the singin', wigglin' violinist of the Wiggle Ensemble(tm) and has performed with professional orchestras throughout the New York area.

Wiggles N' Tunes, is the original creator of the "wiggling" concept and has is the preminent children's edutainment company combining years of experience in music and child development into an exciting program of planned music play that meets the national music standards and can do wonders for a young child's coordination, music appreciation and self-esteem. Our critically acclaimed program offers children a chance to explore, create, and listen to music in an environment that promotes learning and fun, it's a place where music is the language and fun is the way of life!

Wiggles N' Tunes is the result of Carolyn's efforts to bring a high quality music education into preschools, daycares, family entertainment centers, children's museums, private music and dance studios and home schooling environments without the expense of outside experts or workshops. Children will explore tone, rhythm, tempo and melody, as well as music and movement with hands-on playing of simple folk and orchestral percussion instruments. At Wiggles N' Tunes, age-appropriate classes mean there's plenty of wiggling, singing, and music fun learning for children from several months to four years.

Wiggles N' Tunes

*A Place where Music is the Language
and Fun is the Way of Life!*

The Wiggles N' Tunes music learning center originated in Northern New Jersey in 1993 and has since become an international company. Wiggles N' Tunes was voted the "hands down, parent-pleasing favorite music program" by Discovery Zone, Int'l the pioneer in the indoor play. Well over 250,000 children nationwide have enjoyed their wiggling experience, making music part of their daily lives.

Wiggles N' Tunes offers a unique brand of Music Edutainment ranging from live audience participation shows, birthday parties to award-winning music CD's featuring familiar children's favorites performed with a unique twist. These fun-filled, upbeat, lively and playful tunes are guaranteed to captivate every child's attention with hands-on feet-tapping, sing-along and play-along fun! It's no wonder why Wiggles N' Tunes continues to receive rave reviews and is endorsed by The International Association for Leisure and Entertainment Industry (IALEI). Stay tuned for future developments in wiggling which are sure to come from this creative and fun-loving music company.

It's Fun and Educational! It's Edutainment!

WHY EARLY CHILDHOOD MUSIC?

Children were born to sing and they love to create sounds. From an infant cooing and gurgling, to a toddler tapping on a pot with a spoon, music is evident in creative expression from the earliest ages.

All children have an innate musical ability. However, research has shown that this potential disappears if it is not encouraged as early as possible -- so early, in fact, that expectant mothers can even begin cultivating music and song in their children while they are still in the womb. Early exposure to music does more than just aid musical ability.

MUSIC MAKES CHILDREN SMARTER!

Children exposed to music in the pre-school years and early elementary years even perform better academically.

There's no better time than early childhood to help nurture the music seed within every child. The Wiggles 'N' Tunes program makes music a natural part of a child's life by encouraging children to explore their musical instincts.

HOW MUSIC BENEFITS YOUR CHILD

“Wiggles N' Tunes musical arrangements provide a balanced musical diet for young children to grow on. Music FUN-damentals are interwoven throughout all the arrangements; there are even rhythm and tonal patterns on each CD, which encourage the children to learn these critical building blocks of the music language. Our music is Fun and Educational! It's Entertainment!” says award-winning children's performer Carolyn Zorn. “

Children were born to sing and they love to create sounds. From an infant cooing and gurgling to a toddler tapping on a pot with a spoon, music is evident in creative expression from the earliest ages and research has shown that musical ability disappears if it is not encouraged as early as possible.” Established in 1993, Wiggles N’ Tunes specializes in producing quality children’s music entertainment products, including the critically -acclaimed Wiggles N’ Tunes “WigglePlay” music enrichment program. It’s the only ready -to use music curriculum available on the market today in a kit for early childhood educators with or without musical training.

The corporation was founded by Carolyn Zorn, known affectionately as *Miss Wiggles* the Singin’...Wigglin’...Violinist who has been inspiring “little musicians” with a sense of wonder and awe for well over 25 years. She continues to perform with The Wiggle Ensemble™, a dynamic children’s group of wacky and talented musicians “edutaining” thousands of children.

Wiggles N’ Tunes, has been educating, motivating and entertaining over 250,000 children since the early 90’s. Until recently Wiggles N’ Tunes was exclusively licensed to Discovery Zone, International, the pioneer of the family entertainment center industry and voted Wiggles N’ Tunes “The hands down parent-pleasing favorite program!” Wiggles N’ Tunes has been teacher-tested, parent approved and kid-proven and now has aggressive plans to launch music and movement program seeking strategic marketing partnerships and licensing opportunities to build brand awareness worldwide.

In 2004, Wiggles N’ Tunes received the endorsement of IALEI, the International Association for Leisure and Entertainment Industry. Carolyn is a member of several associations and has been a sought-after Workshop Presenter. Wiggles N Tunes has recently won The Children’s Music Web Awards and The Seal of Excellence Award from Creative Child Magazine.

Wiggles N' Tunes continues to receive rave reviews from the School Library Journal, toy industry trade magazines and parenting publications nationwide. Wiggles N' Tunes products are available for purchase online and at participating specialty retailers. Wiggles N' Tunes offers great margins for retailers with new customer specials like free freight, 50% off retail, counter displays and more. **FINALLY, A MUSICPLAY PROGRAM AS EASY TO TEACH AS ABC!
*IT'S FUN AND EDUCATIONAL! IT'S EDUTAINMENT!***

Headquarters-- Research shows how important exposure to music is for children in the pre-school years. But up until now the only way a pre-school could offer a music and movement program was to hire a professional music teacher or send its own teachers for extensive training...both very expensive options. Now there is a better and less expensive way to bring a music and movement program into pre-schools, daycare centers and private music studios, the Wiggles N' Tunes WigglePlay™ program!

This totally self-contained program can be purchased by mail and within hours of listening to the music and reading the manual in the start-up kit, any teacher, with or without a musical background, can be teaching the Wiggles N' Tunes MusicPlay program. This unique “pop in the music and play” format, accompanied by lesson plans and activity song cards, can be taught by anyone--meeting the national pre-k music standards, Wiggles N' Tunes integrates fun with music fundamentals.

The Wiggles N' Tunes curriculum provides all early childhood providers, daycare centers and private studios with a teacher's guide handbook complete with classroom reproducibles and other resources. The Wiggle' Collection Start-up Kit consists of 13 accompaniment CD's with a set of instrumental only tracks and followed by a version with a set of instrumental with a pre-recorded singer, lesson plans including movement, songs and music activities, and a Wiggles N' Tunes branded Ink Stamp. All teacher resources are flexible and easy to use; teachers may use the “Create-Your-own Lesson Compact Discs” to customize their own lesson and expand their repertory with additional song cards and music collections.

A key benefit to the Wiggles N' Tunes program is that it provides a professionally staffed 800 number information line for educators to call with questions during business hours. In addition to providing a quality music and movement program for their students can use the Wiggles N' Tunes program as a profit center. Companion Family Home Materials can be purchased for resale to parents for every program collection in the non-sequential children's music series. Offering a free Wiggles N' Tunes class is also a great way to get the families of potential new students to come and experience a private studio, pre-school, daycare or family entertainment center.

Wiggles N' Tunes, is the originator of the wiggles branding concept in children's entertainment. Since the early 90's children nationwide have been exclaiming their slogan "mommy, I've got the wiggles!" Until recently, Wiggles N' Tunes was exclusively licensed to Discovery Zone, Int'l, the innovator of Family Entertainment Centers who chose Wiggles N' Tunes as the hands-down, parent-pleasing favorite music program". The program has been teacher-tested and parent approved nationwide in over 100+ locations with well over 250,000 children having wiggled to date. Now educators, parents, caregivers and children alike can wiggle anytime!

The Wiggles N' Tunes WigglePlay Music program is "As easy to teach as A, B, C and nurtures each child's music development, It's Fun and Educational, It's Edutainment" according to Carolyn Zorn, founder of Wiggles N' Tunes and an award-winning music educator. Now every pre-school, daycare center private studio, "mommy and me" programs and even playgroups can now afford to offer a professional music program to their families.

Wiggles 'N Tunes® & Guppy's Make Beautiful Music Together

Kathleen Hopkins owner of Guppy's Fun & Fitness Center, in Baton, ME has discovered that the Wiggles 'N Tunes® program, recently endorsed by IAIEI, complements their facility's customer focus. Guppy's Fun & Fitness Center is a children's entertainment center featuring open play for children, themed birthday parties, and drop-in daycare. Parents will find an atmosphere where they can relax, read, and view across the lot while their children play at Guppy's. Hopkins says that soon the Guppy's concept will be franchised and opening up in other areas of the country.

Kathleen Hopkins says that the Wiggles 'N Tunes® program was a perfect match to the restaurant and program that Guppy's already has in place. Hopkins says that in only two classes of 20 to 25 kids with 10 sessions each, the Wiggles 'N Tunes® program and supplies were paid for. And with word-of-mouth promotion from the moms who signed up for the center's first two classes the second enrollment of Wiggles 'N Tunes® is already filling up.

Hopkins also says that Wiggles 'N Tunes® has been a worthwhile program for them because it is a 'mom & me' program with music and movement that has successfully generated extra income and attracted new moms in the area to their facility. Many of the moms in the first class are even repeating the program now.

The ready-to-use early childhood music and movement curriculum

The Wiggles' Collective™ Start-Up Kit includes everything needed to wiggle and make music at your facility. The 'teacher-friendly' flexible program materials feature a unique 'Pop N' Play' music format created by Wiggles 'N Tunes®. The play-along accompaniment tapes and compact discs offer an 'unassisted only' option or a combination of instrumental music with singing.

Designed especially for use in classroom and studio settings to meet every individual teaching style—the program is amended for those with and without musical training. No licensing fees are required.

The Children's Wiggles® Music Series includes a non-segmented program collection—each one with the 'music fundamentals' interwoven into every song. The program features teacher-tested, parent-approved, and kid-proven materials and musical instruments available at needed. The start-up kit includes everything you need to get started.

- Set of audio-cassette tapes/compact discs
- Clipboard lesson plans
- Color-coded song activity cards
- Teacher's guide handbook
- Reproducibles
- Demonstration video
- Program overview

To Whom It May Concern,

My name is Gini Eberling, Center Director at KI 169. We have been using the Wiggles 'N Tunes music program for over a year now. The program is very easy to use and gives the children a unique music experience. Our KinderCare teachers love the program and find it easy to add into their preschool program. We have received my and all training necessary to conduct the program and would highly recommend it to be added into our preschool program as a music enrichment.

Thank You,

IAIEI Teams with Wiggles N' Tunes

IAIEI has teamed up with Wiggles 'N Tunes, a music program for preschool age children. Recognizing the importance of exposure to music for children in the preschool years, IAIEI decided to endorse and recommend Wiggles 'N Tunes educational music and movement program for use by its member center members. In return, Wiggles 'N Tunes a special discount pricing for IAIEI members.

Wiggles 'N Tunes Inc. has developed the Wiggles 'N Tunes WigglyPlay music program which is well matched to those family entertainment centers (FECs) looking to build traffic with preschool programming and necessary revenue classes during off-peak hours. Cynthia Zeno, music educator and Founder of Wiggles 'N Tunes says the program is the only one on the market that meets national music education standards and is recommended by the American Library Association's School Library Journal.

Wiggles 'N Tunes WigglyPlay music program offers FECs some of the growing benefits for their preschool

This curriculum-based program offers FECs a profitable way to expand programming including Wiggles 'N Tunes Birthday Parties.

Every program collection in the series offers a family companion CD that includes either 20-Page interactive song book that can be personalized with a child's name, an address, and the family fun center contact info.

With the WigglyPlay music program children wiggle, sing, and play along with Gummy's musical folk songs produced by an award-winning music instructor with music fundamentals interwoven into each song.

It is a totally self-contained program that features a "Pop in the music and play" lesson incorporated by lesson plans and activity song cards.

The music series consists of several non-segmented program collections and is easy to teach.

Music lessons can be customized and the opportunity expanded with additional song cards and music collections.

Loraine Herry, Chair of IAIEI's Entertainment Council, and first vice president of IAIEI, is endorsing the Wiggles 'N Tunes program in her Advisory Zone-FEC in Calgary Alberta Canada. She was instrumental in bringing the program to IAIEI's CEC members. "I am so impressed with the creativity, quality and educational value of this program," she said. Music educator Cynthia J. Zeno believes in the importance of music to a student's early learning. To achieve "musical literacy" (musical development, confidence and independence), Zeno has created the Wiggles 'N Tunes WigglyPlay music program. It is a music program designed especially for preschoolers that includes music tapes, lesson plans, activity song cards, a handbook and an accompanying video. Not only does the handbook meet national pre-K music standards, but it has received praise from parents and teachers as well.

The program's strengths are its flexibility and ease of use. With or without a musical background, for example, you can use the Zeno's "Gummy's Fun & Fitness Center" CD's supplementary materials available upon request to facilitate song learning in pre-nursery and lessons. In addition, a self-tape backup tape being featured from other professional record for education web programs.
