

Explore A Career In Early Childhood Music Education
Wiggles N Tunes Is Fun And Rewarding, Easy To Teach And Profitable!

Do you love music and have a magical bond with young children then explore a career in early childhood music education. Wiggles N' Tunes is fun and rewarding, easy to teach and profitable! Celebrating over a decade of success, Wiggles N' Tunes has been teacher-tested, parent-approved and kid-proven and has received national recognition. Wiggles N' Tunes is the only ready-to-use music & movement program kit on the market today that features a "Pop N' Play" format complete with everything needed to wiggle and make music— no musical training required and it meets the national music education standards!

By becoming a Wiggles N' Tunes teacher, you can share meaningful creative experiences and make a difference in the lives of children and their families. For over a decade, early childhood enthusiasts from diverse backgrounds have become successful Wiggles N' Tunes teachers and own their own programs, and you can too! Share the Wiggles N' Tunes experience, a place where music is the language and fun is the way of life! For over 12 years, Wiggles N' Tunes, the leader in early childhood music education has touched the lives of over 250, 000 children with an exciting program of carefully planned music play, a magical journey of folk songs and finger plays that nurture a child's development, coordination, music appreciation and self-esteem and involves the parents and caregivers in the fun. As a Wiggles N' Tunes teacher you lead a wide variety of kids favorite activities; singing, wiggling and playing musical instruments and roll them all into fun-filled music & movement classes that have music fundamentals interwoven into every song. You and your staff will easily be able to teach classes that meet the national music standards your students will love! And the parents will love it too! It's Fun And Educational! It's Edutainment!

Your investment is minimal in contrast to businesses or franchises that require thousands of dollars in start-up costs; you can easily recoup your startup costs within your very first classes in your first few weeks! Companion Family CD's with interactive songbooks are available for every program collection are profitable to your school!

Wiggles N' Tunes educators come from all walks of life, those with and without formal music training. There are so many benefits of teaching Wiggles N' Tunes besides just introducing young children to the wonderful world of music and movement. Dance and Music Studios can attract new parents and their children from the earliest ages to feed future enrollment reaching little boys too! "Wiggles N Tunes is easy to teach and to get rolling out right away, it meets our needs for a missing preschool component as a "feeder" program into our Suzuki program." Stated a Community Music School Teacher in the Midwest.

With The International Association for Leisure and Entertainment Industry's (IALEI) FUN EXPO trade show in Las Vegas this September 2006 trade show and the IAPPA exhibit hall entertainment programming is a timely discussion. Family Entertainment Centers and children's museums can build traffic and generate incremental revenue during daytime downtimes while older children are in school using Wiggles N' Tunes Playmeter Magazine states that "Wiggles N' Tunes is ideal for FEC's" This enrollment-based program offers FEC's a profitable way to expand programming including Birthday Parties."

Music therapists can complement their one-on-one practice sessions with group classes that focus on making music with a multi-sensory process-oriented curriculum, offering the ability to mainstream their special needs clients. And Early Childhood Providers can now offer a quality standards-based music program without expensive workshops offering added value to their families with Wiggles N' Tunes enrichment programming. Train one of your staff or hire a licensed Wiggles N' Tunes educator and generate incremental revenue!

Wiggles N' Tunes is fun, educational and is easy to teach and was designed especially for use in classroom and studio settings to meet every individual teaching style -- intended for those with and without musical training and combines the teachings of Suzuki, Dalcroze, Orff and Kodaly. No Required Workshop and Licensing Fees like other costly Kindermusik and Music Together programs! Join the growing number of educators who share a common goal of bringing music into the lives of young children. For more information visit www.wigglesntunes.com or call 800-444-0507.
